

YTICareer Institute

Veterinary program to launch

YTI Career Institute will launch its new Veterinary Technician program at 5:30 p.m. Wednesday at the York campus with a ribbon cutting, presided over by the York Chamber of Commerce.

The addition of the program comes with a 3,000-square-foot building renovation and laboratory build-out to the Springettsbury Township facility, which will be revealed at the event.

The York County SPCA will be holding a mini adoption event at the ribbon cutting, bringing four dogs and four cats in need of a good home.

The 21-month program will provide the only veterinary technician training program within a 50-mile radius of the school. For more visit www.yti.edu/programs/Veterinary-Technician.asp.
